Little Talks To Local Businesses

No. 5

The value of a newspaper to a community is measured largely by the service it gives to that community. It should be the link that binds together the various sections of the community.

That is the spirit in which we approach the assembling of each issue for publication. It is the newspaper is an important link between the town and village centres and the surrounding rural populations whom they endeavor to serve. The farmer only only be in town for an hour each week, and in that time he cannot possibly get much information as to what is doing in the town and district, but the newspaper gives him the news of the week, and gives him that information.

The cost of this service is not covered by the subscription price. Under present circumstances the subscription price barely covers the cost of raw paper, and the expense of mailing. Printing and other minor expenses are paid by the advertiser, who in return for that payment has the opportunity of displaying his wares before the community in service, in their own homes.

To publish a newspaper in a town such as Strathmore, where advertising is necessary. The more advertising carried, and the more regular that advertising is, the better service the newspaper can render to the community. With advertising, advertising, advertising, especially in times of financial stringency like the present, bear in mind advantages of the newspaper as compared with newspapers, circulates, etc. where any benefit is of very transient value.

The Standard

ROAD WORK

A large program of road work is being planned now by the Public Works Department, following a trip of 300 miles taken by Hon. Alex. Ross, and J. D. Robertson, Deputy Minister, for purposes of inspection. Attention is to be given largely to gravel roads, and to extension and repair of trunk roads where urgent.

Provincial Crop Report

The third week in May finds practically all of Alberta wheat crop in the ground, the grain beginning to show, while seeding of oats and barley is only well started in most districts according to the second fortnightly official crop estimates compiled by the Department of Agriculture from reports received from agents. The weather has been cool and showery with very few warm days, and growth has been slow. Moisture conditions continue to be generally satisfactory particularly in the southern areas.

Southern Areas
These areas continue to enjoy a fairly heavy precipitation. Wheat seeding, which was delayed in some places to 50 per cent. completed. Seeding of oats is only well started, about 25 per cent. being finished. Wheat in some places is showing above the ground. The weather has been cool and showery, with considerable precipitation in one or two sections. There has been no heavy frost, growth has been rather slow, but the seed is generally well taken care of, and the soil is in good condition. There is a prospect of a very satisfactory appearance in some places this year showing a growth now of from four to six inches. Alfalfa growth has been backward and in one or two sections has been killed.

Central Areas
Wheat seeding in the central areas has been completed and all the wheat is showing above the ground with the even growth. Seeding of oats and barley is about 50 per cent. completed. Precipitation has been fair but moisture conditions are not so satisfactory as in the more southern areas. This will be remedied, at once, by the inevitable June rains. Conditions generally are encouraging.

Northern Areas
All wheat seeding is completed and most of the crop is above ground. Seeding of oats and barley has been delayed in some districts by rainfalls, but generally speaking is about 50 per cent. completed. The moisture conditions are fairly good. There have been frequent showers in many localities, but in others the soil is still rather dry.

Livestock Conditions
Pasture lands and hay crops are in good condition, and livestock are in good condition. There is no shortage in condition as far as might have been expected. Grass is showing a splendid growth, however, and with June rains there should come a very rapid improvement in condition of stock.

Grasshoppers
Grasshoppers are a new menace, none that in only other year. Eggs have begun to hatch out in large numbers in the more southern areas. The department trusts soon every farmer the importance of the utmost caution on his part with the extermination of grasshoppers, to combat the pest. Farmers should lose no time in taking every possible step to this end.

NAMAKA NEWS

The Namaka School has been notified that they will receive a medal given to the school with the most members for the Junior Red Cross. Good credit is due the children; the executive having worked hard to obtain their objectives. These institutions are good for the young ones as it produces a sense of responsibility that could hardly have been obtained in any other way.

A May baseball game will take place on Saturday next, the 27th inst. and will be played at the home of the Namaka team. The game is to be on at the diamond at 6:30 sharp. (Habe Ruth has nothing on some of these boys.)
Mr. E. C. Watts and family moved to Cheong on Sunday last.
A dance will be held in the L.O.O.F. hall on Friday May 26th. The orchestra will provide the music. Come and have a good time.

EMPIRE DAY AT STRATHMORE PROGRAMME

FORENOON:
Golf Tournament.
U-G-I-Go Girls Baseball.

AFTERNOON:
Opening Baseball Season.
2:30 p.m. Baseball, Calgary Junior Bronks vs. Strathmore.
6:00, Baseball, same teams. Band will be in attendance at both games.
EVENING:
7:30 p.m. Moving pictures, "At the End of the World" and other attractions. Dance under auspices of baseball club following pictures. Everyone come in and celebrate.

Local Sport News

Today (Wednesday) witnesses the opening of the local baseball season with a double ending, Calgary Junior Bronks and Strathmore. The Strathmore team will have some of the old timers and some new players on the diamond, and two good games will be witnessed.

In the afternoon the local U-G-I-Go Girls Club will hold a practice baseball game.
The game of golf is taking a good hold, and the links north of town are being very extensively patronized. New players according to the lure of the "royal and ancient" game every day. A tournament is being held on the links tomorrow morning, between thirty and forty players being entered. The handicap committee have fixed up the handicaps from the score cards made out since the beginning of the season.

This is a live year for local tennis and both the club courts, and those of the C.P.R. headquarters are in steady use nightly. A tennis tournament is now in progress. President Mead's President's teams, and will be witnessed this week.

Coming Events

DON'T MISS THIS
Tonight, at the Memorial Hall, immediately after the ball game, Dorothy Compson in "At the End of the World" a thrilling drama of the underworld at Shanghai. Be sure and see the shipwreck and the fall from the light-house tower. Also two real comedy, "Next Week Trouble, Pines and Pie." Don't miss Wednesday, "The Great Impressionist," from the famous revue by E. Phillips Oppenheim. James Kirkwood plays the dual role of Sir Robert Dunsany, an Englishman and Lord Von Rastenberg, a German spy.

A meeting of the U.F.A. will be held on Saturday, June 3rd, in the King Edward Hotel at 2:30 p.m. All members are urgently requested to attend. U.F.A. will also hold a meeting on the same date and time in the dining room of the Strathmore Bakery. Good invitations are extended to all farm women to attend and to make a visit to the local U.F.A. branch.

Hunter's Remarkable Trophy

Head of Bighorn or Rocky Mountain Sheep secured last October near Lake Louise, Alberta. This is one of the finest and largest heads ever secured.

The Western provinces of Canada are again the scene of a big game. A bighorn sheep head was secured last October near Lake Louise, Alberta. This is one of the finest and largest heads ever secured. The animal was found in the mountains near Lake Louise, Alberta. The head was secured by a hunter named John Smith. The head was found in the mountains near Lake Louise, Alberta. The head was secured by a hunter named John Smith. The head was found in the mountains near Lake Louise, Alberta. The head was secured by a hunter named John Smith.

Weather and Crops

The Local Situation
The weather of the past week has not been of such a satisfactory nature as the preceding weeks.
There has been little or no rain fall, and high winds, prevailing for several days, are taking the moisture out of the topsoil. On some light soils there has been a considerable amount of blowing.
Seeding will soon be completed. All the wheat has been in for ten days past, and most of the oats, barley, and other crops are now in the ground. The average in wheat will be considerably larger than last year, and is better.

Winter rye, in most cases, has come up well, though there are some cases of winter killing, which is unusual with this crop.
Spring corn wheat is now above ground and doing well. Rain within the next week, however, would be of great advantage in the case of dry land crops. A number of early headwaters for irrigation water, which have been put in, are putting their heads in shape to use if it proves necessary.

It is likely that the calls for irrigation will be heavier this year than in any preceding year, and the Company are making every preparation to handle it. All the pumps are set, and ditches and canals are being cleaned out and repaired, while the various dams and structures are being overhauled.

The above article was written on Monday, May 22nd, and refers to the outlook on that date.

Favorable Report

The report of Mr. J. J. Bayes, Inspector of Public Schools, Calgary, on the progress of the school year, has been received by the Board, and is generally very commendatory. A number of recommendations are made as to minor matters.

In his introductory remarks, Mr. Bayes says: "Looking generally I was very pleased with the cleanliness and sanitation of your school buildings and outbuildings, with the fine appearance of your school grounds, with the equality of the work as a whole in your schools, and with the interest of the members of the board, whom I met in the general welfare of the school."

Some remarks and suggestions follow, and where some minor matters require attention, recommendations are respectfully submitted.
Dealing with the appearance of the school grounds, Mr. Bayes says: "Your grounds present a very fine appearance and a very good impression of your board and efforts. Much praise is due the parties who have responsibility for the splendid improvements in the way of tree planting and making gardens in your school property."

Mr. Bayes commends the work of Mr. Williams as principal, and is generally well pleased with the work of the various rooms.

CARCELAND NOTES

Mr. Morgan, Superintendent of Consolidated Schools for this Province, visited the Carceland School on May 11th. He spoke very highly of the work of the school, and of the teachers and pupils.

The Mike Brown restaurant has been serving to the dietary demands of Carceland children for some days.

Mr. C. F. Baker is the proud possessor of over two hundred chickens, also a number of turkeys. The first strike doesn't seem to have extended as far as the Bow.

Town Council Meets

The regular meeting of the Strathmore Town Council was held in the Town Hall on Tuesday evening last, all the members being present.

Court of Revision
The Council first met as a Court of Revision. Mr. Alex. Black made motion of the amount of taxes he was paying, but the Council took no action and he expressed his intention of bringing the case before the Board of Public Utilities.

Support Forest Patrol
The Council went on record as favoring the continuation of the Wild River Fire Patrol on the ground of its usefulness in preserving the forests, and preserving an adequate supply of water for the palettes, which would be endangered by the destruction of the forests on the slopes of the Rock.

Disposal of Bradley Farm
It was reported by the secretary that no offers had been received for the purchase of the Bradley Farm. Several offers had been received, but the Council decided to hold the matter over for a week, and in the meantime to inspect the site.

Some members of the Council held the idea that the ground which amounts to 144 acres, would make a good town site, and that a better revenue could probably be received from it in that way than in any other.

Town and Hospital Board
The meeting of the three bodies, consisting of the Hospital Board, the Mayor, and the Town Council, was held on Monday last. The Mayor said that there was no need to close down. If the deficit could not be met up by contributions from the municipalities, then the Mayor then proceeded to attack the secretary of the Hospital Board, whom he considered should not be on the job, as he was supposed to resign at the end of April, which would have been in the best interests of the hospital.

From then the Mayor passed by a rapid transition to the question of the hospital staff, against which he considered the secretary had been speaking, and which he thought was none of his business, and various other remarks of a similar nature.

Nuisance Ground
After this interjection on the ordinary business the Council held a session and from a number of members on the north side of the nuisance ground. Several members of the Council who had been over the site said that there was a worse smell there already than existed at the present nuisance ground site. However, the matter was held over till another meeting, the time being 11 p.m., and the Council willing to avoid another 12 p.m. session.

CONGREGATIONAL SUPPER

At a meeting of the Official Board of the Union Church last week, a congregation meeting was called for Monday, May 29th, at 6:30 p.m. After supper reports of the Official Board, the Ladies Aid Society, the Sunday School and other organizations will be given. The election of the new Official Board will take place, "Singing Songs" and Stories will be interpreted and a joyful good time is assured all members, adherents and friends; all of whom are cordially invited.

L. A. Phillips unfortunately had a couple of horses last week. They broke through the pasture field gate and started will be interpreted and wheat. All attempts to save them, including employing a veterinarian, proved unavailing.

Mrs. Rae has been at the T. Dawson house across the river, taking care of her son Lyle, who has been ill.

A Miniature Hotel Kitchen

The above interior view is one of the new steel dining cars which are the last word in up-to-date railway construction.

There is not in all Canada a kitchen so well fitted to be interested in the kitchen of one of the new up-to-date steel dining cars that are every day moving to and fro across this country. The kitchenette of the modern car is often ingeniously planned, but ingenuity could meet with no more trying task than the fitting of a complete hotel kitchen into the space afforded by a comparatively small compartment in a railroad car. The traveler to-day expects to find on the railroad car almost anything in the way of food that his fancy may dictate, and he expects it served in as perfect a manner as in a first-class hotel. That is why the hotel kitchen must be condensed into the dining car. A glance into this kitchen will at once show how ingeniously this has been done, and with what regard for one hundred per cent. efficiency and the most perfect cleanliness & hygiene, refrigerators, and cooking utensils re-

flect the lights in their polished nickel surfaces, and ready to hand, in its well appointed place, is everything in the way of an aid to cooking that the experienced chef may require.

What these miniature hotel kitchen cars can do may be gathered from the fact that in the course of a journey from Montreal to Vancouver 11 meals are served on route, and these to an average of 16 passengers per meal. There are long stretches during this run when it is impossible to obtain supplies, and the superintendents must see to it that the ice-boxes and larders of each diner are stocked to satisfy the capricious appetites of the travelers it serves.

The importance of this branch of a big railroad may be gathered from the fact that the Canadian Pacific Railway has in daily use 150 dining cars and buffet cars, a larger number than operated by any other rail-

road in the world. The department also looks after the lunch counters, and dining rooms scattered over its 15,000 miles of rail and to serve the three and a half million meals that are yearly partaken of by travelers on this road, requires the effort of 1,500 stewards, cooks, waiters and other operatives. To serve this large number of meals requires the yearly consumption of the following quantities of supplies:

Fish	285,000 lbs.
Beef	781,000 "
Pork	475,000 "
Ham and Bacon	175,000 "
Butter	232,000 "
Coffee	102,000 "
Tea	101,000 "
Apples	321,300 "
Oranges	120,000 "
Eggs	3,225,000 only.
Crackers	700,000 "
Milk	799,500 quarts.
Cream	407,250 "
Bread	850,250 loaves.

Chestmere Mystery Mother and Daughter Banquet

Discovery of Body of Missing Girl

The body of W. A. Stevens, who was reported missing on the 7th of October last, was found floating in Chestmere Lake last Wednesday morning by Ed. Stevens, discoverer.

The dead man who was well known in grain buying circles of the city, left his home on October 7, last, and he did not return his wife notified the authorities and on the 13th following a search party was organized. The next evening his automobile, a Dodge car, was found on the shore of the lake containing the missing man. It was assumed that his body was in the lake but attempts to locate it by dragging operations proved fruitless. The search had to be abandoned when the lake froze over.

Attired in Bathing Suit
The body, when found, was attired in a bathing suit. It was floating on the surface, and one arm was wedged in the sand, the water being only about three feet deep at the spot. The body was partly covered with sand and weeds, which would indicate that it had risen to the surface after the ice went out of the lake this spring.

Disappeared October 10
Mr. Stevens, who was in charge of the grain department of Niblock and Tull, Ltd., left his home on Friday, October 7, by motor, on a grain buying trip to the country adjacent to Calgary. On the Tuesday evening following, a Dodge car, the one in which Mr. Stevens had left the city, was found on the shore of Chestmere lake, 12 miles east of the city. The car contained a shotgun, clothes, and other belongings of the missing man.

SUMMER SCHOOL FOR TEACHERS

Plans are now practically complete for the summer school for teachers to be held at the University at Edmonton from July 2nd to August 12th.

Under the auspices of the Department of Education, Transportation courses will be refunded to teachers under the usual conditions. Courses to be given include Elementary Science, High School Science, Household Economics, Industrial Arts, and Art Primary Work, Physical Education, Music, courses for British and American teachers, courses for Canadian teachers, courses for academic certificate holders, special courses, university subjects leading to B.A. or B.Sc. degrees. Courses will be based on the new elementary school curriculum.

Last Friday evening at 8:30, about fifty mothers and daughters attended a fine banquet in the Union Church. The well-laden tables were beautifully decorated with pink paper carnations. After partaking of the various appetizing delicacies, Mrs. Phillips, ex-mistress, presented his well arranged programme—

O Canada.
Toast—"The King."
Toast—"Our Mothers," Kathleen Chivers. Reply, Mrs. Dawson.
Solo—"I Love the Name of Mother," Mrs. Lach.
Toast—"Our Daughters," Mrs. Stockton. Reply, Alice Crawford.
Vocal Solo—"Miss Riddle."
Tells—"Modern Advantages for Girls," Mrs. Ella Way.
Vocal Solo—"Mrs. Green."
Toast—"The Church," Mary Stockton. Reply, Rev. T. Phillips.
Reading—"Mrs. K. Dawson."
Address—"Miss B. Stock, of Calgary."
This toast list was most happily interspersed with "Sing Songs" of all popular popular songs.

HERVEY NEWS

Mrs. Jack McNeil attended the "Mothers Day" service at the Union Church, Strathmore. She reports very favorably the Rev. Gordon, of Tulsa who gave the talk.

Miss Edith White celebrated her fourth birthday on Wednesday last. A number of the neighborhood's children were entertained at her home.

Mrs. Anna McNutt spent the afternoon on Wednesday at the Hagan ranch.

"Ted" Hartell and family spent Sunday with Mrs. Fred Thomas.

We are expecting Mr. Julius Stiller to be driving a new car soon, as the auto sales agents are hanging around pretty regular.

"The garden," Mr. Elliot, big this neighborhood is planning about 60 acres of snowflakes in place of five acres as in its former paper.

Chris Bacon says there are two things, at least, that he will not have to go back in Norway after that is dry weather and wind, as there is a much more lovely here.

TURNER NEWS

The phone and sports day which was planned for May 21, has been postponed until some time in June.

The last U.P.A. meeting was not very well attended as most members were busy plowing.

Mrs. Raydon Kew is at home again after visiting her parents at Nanaimo.

Local baseball fans are busy rounding things up for the coming season. They expect to have a real live snappy team.

Most farmers in this district have finished seeding wheat.

Mrs. Peter Vial spent a few days in Calgary last week.

Mrs. Signler Rea and daughter are visiting in Calgary.

Mr. Bill Goss was calling on old friends last Sunday, after an absence of over a year. He is now with Earl Johnson.

A musical program will be held in the school Sunday evening, May 28, at 8 o'clock. All welcome.

Miss Tod Towner was a week-end visitor at the Reer home.

Mrs. Raydon Kew's brother, of Nanaimo, has been visiting her.

Baintree News

Mr. J. J. Blake was visiting Baintree last week. He is Wood Inspector for Grassland District.

The trustees are having a well-detailed for the Baintree school.

Mr. E. Quist was a Baintree visitor after visiting in Calgary.

The C.P.R. have a force of men repairing new drops before the farmers start irrigating.

Mr. B. G. Whelan is putting in 12 acres of sandworts.

Miss Mae Longbottom was a passenger to Rockyford.

Mr. F. J. Short was a Strathmore visitor last week.

Mr. L. Raymond is back to Baintree after a stay on his farm.

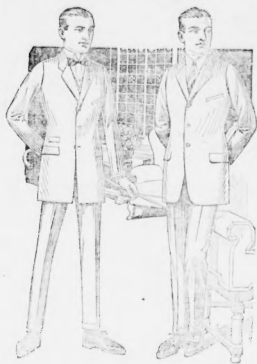

Mrs. B. A. Fullen is expected back from England this week. She spent a four month's visit with relatives.

Master Edward Godfrey has 851 mother talks to his credit.

Mrs. H. G. Froth has planted 2,000 trees to beautify his farm.

Mrs. Froth has 711 chicks. It must keep her busy getting the babies to bed.

Mrs. L. Raymond, Mrs. T. Longbottom and Miss Longbottom were visiting with Mrs. Froth, and had baby "Lizzie" which refused to take them home.

Local Holdings

OF LOCAL INTEREST

Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard, Phone 17 or 68.

There is no intention on the part of the Government of discontinuing the Wild River Act for the forest protection. Mr. Graham, the Minister, said that the Government had never advocated discontinuance, and he did not know how the report had got around.

If the Council of the Town or Strathmore established a town pasture with some of the land that has come into their possession, they will remove long standing grievances on the part of those who are attempting to cultivate gardens.

We understand that the C.P.R. is bent on putting the greater part of the land lying immediately west of town into smallholders. This will give the town a fine look-out in the fall when the leaves come on.

Some parties of whom we were told put out this spring, which is a very unusual thing. The cause is probably the dry fall last year, but only a small proportion of the crop is affected.

Several births have been recorded at Strathmore Hospital during the past week, these being as follows: Mr. and Mrs. E. Nelson, on the 15th, a daughter; Mr. and Mrs. J. Heine, on the 15th, a son; and Mr. and Mrs. F. B. Young, on the 16th, a son. The hospital has been very busy this month, these being at one period this patients registered.

M. F. B. W. Bygone, manager of the Robin Hood Restaurant will be away for the next two weeks, during his absence Mr. E. Russell will be in charge of the four business.

Mr. Vincent, of the National Washington, is at present visiting with his brother, Mr. Oscar Stubbins.

The date for Calgary Exhibition this year is now fixed as July 21st. The first day has been long looked for.

The weekly cattle performance at "The Live Cattle" at the Municipal Hall last Wednesday evening had a very large house, and the play was very much enjoyed.

O. S. Love, a Bassano resident, came out to Strathmore on Thursday last to collect his mail. He had been out at work for some time, but had several days previously received the offer of a job at Strathmore. He is surprised by his wife and three children who had left Bassano for Eastern Canada some time previously. Deceased was a profitable trader, but had been engaged for some time previously in an unfortunate restaurant business in Bassano.

Mr. D. B. Mackenzie, of Calgary, is now manager of the Grand Theatre, at Edmonton. He and Mrs. Mackenzie, who was formerly Mrs. Dal, of Strathmore, have now taken up residence at Strathmore. Mrs. Mackenzie's mother, Mrs. Tibbitts, is at present visiting with them at Edmonton.

An interesting sight was witnessed at the local depot on Saturday afternoon, when fifty hunting hawks, which had come down on the afternoon train from Calgary, were released by Station Agent Tompkins.

After circling round the town for some time they finally picked up their bearings and made a bee line for the city. The birds were sent down by Calgary police authorities for training.

While attending a meeting of the Executive Council of Alberta, at the Association of Professional Engineers, at Edmonton, Mr. T. Schulte received information of the death of his mother at Cleveland, Ohio. Mr. Schulte left Edmonton on May 5th, and arrived in Cleveland on May 8th. He arrived back in Strathmore some days ago.

Gleichen has been visited by another fire, this time it being a dwelling house occupied by Mr. L. W. Donnelly and family. The fire brigade and officers did excellent work in saving adjoining buildings, but the Donnelly house was burnt to the ground, the only salvage being the furniture on the ground floor, which was not out before the fire had killed the floor, having started in the attic. Much sympathy is being expressed with Mr. and Mrs. Donnelly in their loss, they having had the house for some time for the past two years. Mr. Donnelly was for some time manager of the moving picture theatre here.

Municipal District of Bow Valley, No. 219

NOTICE

PUBLIC NOTICE is hereby given that all persons or companies having control of land in this Municipal District are required to take immediate steps to poison or otherwise exterminate all gophers and grasshoppers on such lands and in any case where this instruction is not attended to, the Council will proceed to do the necessary work at the expense of the owner, under the obligations laid upon them by the provisions of the Agricultural Pests Act of 1922.

W. G. WAY, Sec-Treas.
Strathmore, May 19th, 1922.

IRRICANA NEWS

Maps For Distribution

While returning home from Calgary last Saturday, Mrs. Irving met with a serious accident, being thrown from the auto driven by Mr. Irving. Mrs. Irving was taken to the General Hospital, where she is suffering from two fractured hip bones. It was thought at first that she might be some in internal injuries, but she is now doing as well as can be expected. Mrs. Irving will not be able to return to her home for some time.

The new land inspection, Mr. Lenka, who has taken the position recently vacated by Mr. McEwen, visited the Irrigation school on Friday.

Mrs. Clyde Lester is on the sick list.

Two fine young calves belonged to Mr. McCune were killed by the C.N.R. passenger train this week.

Last Sunday Carl Foster narrowly escaped getting his back broken when he was thrown from a wild horse which he was trying to break. He has been under Dr. Hardin's care and is doing well.

Mr. Bentley Hladin had a severe attack of pneumonia, but is able to be about again.

A concert meeting was held at the Irreducibles church on Saturday to discuss questions to be brought up before the district conference to be held in Saskatchewan. They are also to discuss the appointing of a representative to be sent to the Annual Conference, which is to take place at Wilkes Lake, Indiana.

Some of the Irreducibles people may be interested in the fact that Mr. Blagov who was serving in the Leithbridge jail for fraud, has been paroled.

The village is letting the contract to remove, during last summer, the hand did very good work, and it is matter for congratulation that they have been able to stick together during the winter and to grow in numbers and in efficiency. Give them all the encouragement possible.

Strathmore Brass Band is in a very thriving condition at the present time, and the members are displaying much enthusiasm in practicing. The band will perform at the basketball games to morrow. During last summer the band did very good work, and it is matter for congratulation that they have been able to stick together during the winter and to grow in numbers and in efficiency. Give them all the encouragement possible.

Edmonton, Alta.—According to the mail received from the far north the past winter has proven a most successful one to the Indians and Eskimo trappers, and good statistics have been reported. Bounding prosperity in the far north is the keynote of all adjectives received.

Calgary, Alta.—Alberta's death rate for 1921 has reached the very low figure of 8.4 per 1,000 of population according to the vital statistics branch.

The birth rate of the year was 25.2. The number of births in the province totaled 15,846; marriages 4,628; and deaths 4,204.

It is expected that the by-election to fill the three vacancies in the provincial legislature existing in Whitford, Sedgewick and Ribstone, will be held during the month of July. These vacancies were created by the resignation of Hon. Chas. Stewart in Sedgewick to enter the Dominion Cabinet, the unseating of A. S. Shandro in Whitford, and by the death of C. O. F. Wright, of Ribstone, shortly after the session ended.

A poultry train is being established by the department of agriculture at the government farm at Ponoka. Mental Hospital, where poultry products will be supplied to the inmates of the hospital.

We wish to thank the public for the way in which they have supported us in our half-holiday from the New Year to this date.

We will still be closed every Wednesday afternoon, as per the Early Closing Bylaw, but every day in the week we are in a position to meet your wants and every requirement in price, quantity, and quality.

SNATH & GARDNER

Bargain-Hunters

In this community are hundreds of individuals and families on the watch for an advertisement which will offer them what they want at an advantageous price.

Call them bargain-hunters if you will, but there is nothing wrong with waiting for a bargain, especially when the seller is anxious to sell at a reduced price.

One family wants a new carpet—the need is not urgent. Another family is looking forward to buying dining-room furniture—it may not be for a twelve month.

One man is thinking of buying himself a watch. One woman a shopping bag; another an umbrella.

All can be made to buy early—by advertising.

A NOTE TO MERCHANTS

Stimulate business by the offer of some slow-moving items at special prices. Brighten up business by advertising some desirable goods at reduced prices. Make advertising banish dull business. Often you can tempt the buyer who is biding his or her time, to buy from you—at a time of your naming.

Strathmore, Alberta, May 24th, 1922

We Wish You Best of Luck Why Money Is Scarce In Canada

There's none on home depends. As he who tills the soil; He plows, he sows, does all that tends To make his crop worth while. But when he does the best he can, Some recompense to gain For the labor he expends He depends upon the rain.

The rain he gets may be too much. It may not be enough. Perchance he may get No. 1, Or No. 5 and tough. There may be frost or blighting heat, Or midew, rust or murr; These risks and more he has to meet. No wonder he goes bust.

Yet farmer man's a hopeful soul. With four bad years or more; He plows and seeds again and says, The better on before. He throws away his bread in seed. To Providence he prays: It may return a hundredfold. Though after many days.

My April's rains and June's warm sun Had hopes realized. And when his harvest labors done, May he have glad surprise. No crumbling at the threshing man. The grain's thrown in the straw; He'll say you've done the best you can. Let's have your deal old paw.

May world conditions so improve, For trouble, toil and care; Fair recompense he will receive, Less worry be his share. Our population on the whole, With him the best of luck; My farmer friend, we'd like to see Your granaries all full up.

H. W. GOTHARD

Ardenode, Alta.

Grasshopper Eggs Very Numerous

According to reports received by the Department, grasshopper eggs are very numerous in many parts of the southern and central areas of the Province. The latest request for organization to combat the pest comes from a district near Wainwright, east of Edmonton on the Grand Trunk Pacific.

So false security should be felt by the farmers that the wet weather will result in killing off the hoppers. E. H. Strickland, who is in charge of the field work for the Department in the campaign against the grasshoppers, states that contrary to the popular impression, this season has been about the worst possible for hatching of hoppers.

The wet weather has delayed the hatching of eggs, until now there is no possibility of a late spring from killing off the hoppers after the warm weather has hatched them. This possibility has passed now, so that the warm weather now coming will hatch the hoppers out in greater numbers than ever. For this season farmers should be on the alert more than ever for them.

Farmers and municipalities are entering heartily into the work of organizing to combat the pest. Last week the Reeves of all the Municipalities included in grasshopper district No. 21, held a meeting at Stettler to complete plans for organization. This is the first meeting of Reeves for this purpose and it is likely to be followed by similar meetings in other districts.

The Department emphasized the point that there cannot be any laxity in the watch for the appearance of the hoppers, and urges upon all the need of the utmost co-operation in every way to combat the pest.

The financial stringency throughout Canada at present is largely explained by figures showing the difference between prices of farm produce in 1921 and 1920.

	1920	1921
P.E.I.	\$ 26,376,000	\$ 21,431,000
N.S.	64,494,000	44,224,000
N.B.	28,137,000	48,458,000
Quebec	48,862,000	235,291,000
Ontario	600,704,000	441,418,000
Manitoba	164,622,000	100,016,000
Saskatchewan	210,341,000	233,722,000
Alberta	245,042,000	124,632,000
B.C.	43,197,000	37,151,000

The "reason why" for this drastic decline in farm income is seen in the figures of index numbers of agricultural prices. Taking the 1905-1913 average as 100 the comparative 1920 and the 1921 index figures for various items are as follows:

	1920	1921
Wheat	234.7	117.4
Oats	132.5	100.9
Barley	176.5	100.9
Potatoes	210.8	167.3
All field crops	204.9	147.5

The gross agricultural wealth of Canada—lands, buildings, implements, livestock, poultry, etc.—is \$6,821,022.

Municipal Hall Insurance Scheme

Editor, Strathmore Standard.

Sir:

The newspaper reports of the last annual meeting of the Hall Insurance District, held in Calgary in March last, gave a very incorrect impression of the financial condition of the Hall Insurance District. One report was to the effect that the Board would have to reduce its liabilities before it could resume business. Another stated that the deficit on last year's operation was \$1,600,000.00. Both of these statements are entirely incorrect and very misleading.

The ability to "resume business" was never thought of, much less discussed, for the very excellent reason that business has not been suspended, nor is there any necessity or any intention of suspending it. The damage by hail in 1921 was almost double the average of the last nine years and 50 per cent. greater than the previous record in 1916. In spite of the record breaking amount of losses the Municipal Hall Insurance plan functioned without a hitch and is here to stay.

The actual deficit for last year was \$74,426.66. This deficit was paid for out of the surplus of the two years previous and will have no effect on the rate to be set this year. This year's rate will depend on the amount of losses for this year, and on that alone.

I have taken the liberty to write you this letter because some of your readers, on account of the unfavorable impression they have received, might think it was not safe to insure again this year under the municipal plan. The Board wishes to assure every reader of this paper that the necessary credit for this year's business has already been arranged for, and the Board is better prepared than ever to give their usual fair adjustment of losses and prompt payment of awards. They hope to be able to do a little better this year than in previous years.

Yours truly,

THE HAIL INSURANCE BOARD
E. H. Malcolm, Manager.
